

Sanchia Recson Lakkarvi

Master of Information Technology - Artificial Intelligence | Data Analytics | Automation | Healthcare Data | Power BI | Python | SQL | AWS

Perth, Western Australia | LinkedIn: [linkedin.com/in/sanchialakkarvi](https://www.linkedin.com/in/sanchialakkarvi) | GitHub: github.com/SanchiaLakkarvi | Portfolio: sanchialakkarvi.github.io

Master of Information Technology student at The University of Western Australia, specialising in Artificial Intelligence, with practical experience in data analytics, automation, healthcare data systems, SQL, Power BI, Python and cloud-based workflows. Experienced in cleaning, validating, analysing and reporting data to support process improvement and decision-making.

Technical Skills

- **Programming:** Python, SQL, JavaScript, C, HTML, CSS
- **Data and BI:** Power BI, Tableau, Excel, Pandas, NumPy, Matplotlib, Jupyter Notebook, dashboards and reporting
- **Machine Learning and AI:** Scikit-learn, TensorFlow, Keras, LSTM, model evaluation and feature extraction
- **Databases and Systems:** SQLite, SQLAlchemy, REDCap, data cleaning, data validation and data governance
- **Web Development:** Flask, Bootstrap, AJAX, jQuery, Webflow, secure authentication and session handling
- **Cloud and Automation:** AWS S3, API integration, workflow automation, OpenClaw, LinkedIn API, Memberstack and Beehiiv

Experience

Technology & Automation Intern - Rockstocks

Perth, WA | Mar 2025 - Present

- Developed and maintained Webflow-based investment research platform workflows and responsive financial content publishing.
- Automated LinkedIn publishing workflows using API integrations and OpenClaw, reducing manual posting effort by over 80%.
- Integrated AWS S3, Memberstack, Beehiiv and AI-assisted tools for scalable content operations and workflow documentation.

WA Newborn Hearing Loss Database Intern - Child and Adolescent Health Service

Perth Children's Hospital, Perth, WA | Oct 2025 - Dec 2025

- Cleaned, validated and reconciled newborn hearing screening records using REDCap, Excel and structured data quality checks.
- Reviewed data across DMR, eReferrals, AudiQueen and Hearing Australia pathways to improve traceability and referral tracking.
- Supported healthcare data governance, workflow documentation, system gap analysis and reporting reliability.

Healthcare Analytics Intern - Manipal Hospitals

Bengaluru, India | Jan 2024 - May 2024

- Analysed hospital operational datasets related to sample movement, turnaround time, reporting delays and department-level performance.
- Used Python, Pandas, SQL, Excel and Power BI to identify bottlenecks, anomalies and reporting issues.

Afterschool Facilitator - Code Camp, Aspiri Primary School

Perth, WA | Jul 2025 - Feb 2026

- Led primary school students through coding lessons and supported individual learning and skill development.
- Assisted with camp operations, learning activities and smooth delivery of afterschool programs.

Projects and Publications

- **AI Trading Bot:** Python, optimisation algorithms, Bitcoin backtesting, convergence analysis and statistical comparison.
- **GuildSpace:** Full-stack UWA student platform using Flask, SQLAlchemy, SQLite, JavaScript, OTP verification, password hashing, sessions and CSRF protection.
- **Household Insolvency Simulation:** Agent-based model using AFSA, ABS, CPI, income, wealth and population datasets.
- **Sign and Mudra Recognition System:** JETIR-published deep learning project using OpenCV, MediaPipe, TensorFlow, Keras and LSTM; achieved over 95% classification accuracy.
- **House Price Prediction Patent Application:** Machine learning forecasting using regression, preprocessing, train-test evaluation, RMSE-based model assessment and binning strategy.

Education

Master of Information Technology - Artificial Intelligence

The University of Western Australia, Perth | GPA 6.125 / 7.0 | WAM 74.750

Relevant coursework includes AI, machine learning, deep learning, NLP, computational data analysis, cloud computing, cybersecurity, relational database systems, agile web development, software design, ethics and capstone delivery.

Bachelor of Technology - Computer Science and Engineering

CMR University, Bengaluru | CGPA 9.68 / 10 | Ranked 4th in the CSE cohort

Leadership, Volunteering and Recognition

- International Student Ambassador and UniBuddy Student Ambassador at UWA, supporting prospective students with admissions, course, campus and student life questions.
- UniMentor at UWA, mentoring first-year students and supporting transition into university life.
- McCusker Centre for Citizenship feature and Outstanding Intern Award nomination for CAHS internship contribution.
- Volunteered for Routes Asia 2025 and UWA activities including career fairs, casual career fair, open day and student engagement events.
- Class Representative at CMR University for two consecutive years.
