

Sanchia Recson Lakkarvi

Master of Information Technology - Artificial Intelligence | Data Analytics | AI | Automation | Healthcare Data Systems

Perth, Western Australia | LinkedIn: [linkedin.com/in/sanchialakkarvi](https://www.linkedin.com/in/sanchialakkarvi) | GitHub: github.com/SanchiaLakkarvi

Professional Summary

Master of Information Technology student specialising in Artificial Intelligence, with practical experience in data analytics, automation, healthcare data systems, SQL, Power BI, Python and cloud-based workflows. Experienced in cleaning, validating, analysing and reporting data to support process improvement, digital transformation and decision-making.

Technical Skills

- Programming: Python, SQL, JavaScript, C, HTML, CSS
- Data and BI: Power BI, Tableau, Excel, Pandas, NumPy, Matplotlib, Jupyter Notebook
- Machine Learning and AI: Scikit-learn, TensorFlow, Keras, LSTM, model evaluation, feature extraction
- Databases and Systems: SQLite, SQLAlchemy, REDCap, data cleaning, data validation, data governance
- Web Development: Flask, Bootstrap, AJAX, jQuery, Webflow, secure authentication, session handling
- Cloud and Automation: AWS S3, API integration, workflow automation, OpenClaw, LinkedIn API

Experience

Technology and Automation Intern - Rockstocks

Perth, WA | Mar 2025 - Present

- Developed and maintained Webflow-based investment research platform workflows for responsive financial content publishing.
- Automated LinkedIn publishing workflows using API integrations and OpenClaw, reducing manual posting effort by over 80%.
- Integrated AWS S3, Memberstack, Beehiiv and AI-assisted tools for scalable content operations and documentation.

WA Newborn Hearing Loss Database Intern - Child and Adolescent Health Service / Perth Children's Hospital

Perth, WA | Oct 2025 - Dec 2025

- Cleaned, validated and reconciled newborn hearing screening records using REDCap, Excel and structured quality checks.
- Reviewed data across DMR, eReferrals, AudiQueen and Hearing Australia pathways to improve traceability and referral tracking.
- Supported healthcare data governance, workflow documentation, system gap analysis and reporting reliability.

Healthcare Analytics Intern - Manipal Hospitals

Bengaluru, India | Jan 2024 - May 2024

- Analysed hospital operational datasets related to sample movement, turnaround time, reporting delays and department-level performance.
- Used Python, Pandas, SQL, Excel and Power BI to identify bottlenecks, anomalies and reporting issues.

Afterschool Facilitator - Code Camp, Aspiri Primary School

Perth, WA | Jul 2025 - Feb 2026

- Led primary school students through coding lessons and supported individual learning and skill development.
- Assisted with camp operations, learning activities and smooth delivery of afterschool programs.

Projects and Publications

- AI Trading Bot: Python, optimisation algorithms, Bitcoin backtesting, convergence analysis and statistical comparison.
- GuildSpace: Full-stack UWA student platform using Flask, SQLAlchemy, SQLite, JavaScript, OTP verification, password hashing, sessions and CSRF protection.
- Household Insolvency Simulation: Agent-based model using AFSA, ABS, CPI, income, wealth and population datasets.
- Sign and Mudra Recognition System: JETIR-published deep learning project using OpenCV, MediaPipe, TensorFlow, Keras and LSTM; achieved over 95% classification accuracy.
- House Price Prediction Patent Application: Machine learning forecasting using regression, preprocessing, train-test evaluation, RMSE-based model assessment and binning strategy.

Education

Master of Information Technology - Artificial Intelligence

The University of Western Australia, Perth | Feb 2025 - Present

GPA 6.125 / 7.0, WAM 74.750. Relevant coursework includes AI, machine learning, deep learning, NLP, computational data analysis, cloud computing, cybersecurity, relational database systems, agile web development, software requirements and design, and IT ethics.

Bachelor of Technology - Computer Science and Engineering

CMR University, Bengaluru | Oct 2020 - Jun 2024

CGPA 9.68 / 10. Ranked 4th in the Computer Science Engineering cohort. Elected Class Representative for two consecutive years.

Leadership, Volunteering and Recognition

- International Student Ambassador and UniBuddy Student Ambassador, The University of Western Australia
- UniMentor, supporting first-year students with transition, academic expectations and campus engagement
- McCusker Centre for Citizenship Outstanding Intern Award nominee for CAHS internship contribution
- Routes Asia 2025 volunteer; UWA career fair, casual career fair, open day and student engagement activities
- JETIR publication: Sign and Mudra Recognition System; Indian Patent Application No. 202341015296 co-applicant
